

Transforming Digital Mortgage

The Right Platform, the Right Experience

Cloudvirga's unique platform empowers your Loan Officers by creating underwriter ready files in minutes and engaging their borrowers from start to finish in a seamless, 5-Star experience.

Built by
mortgage
professionals
**for mortgage
professionals.**

Keep your Loan Officers out of the LOS

Our deep integrations allow the Loan Officer to complete all tasks including product & pricing, verifications, disclosures, locking, appraisal payment and much more.

Simple and Fast

We have created a Consumer UI/UX that does more than just capture the application. It builds your brand, solidifies confidence in their decision and creates borrowers for life.

Battle Tested and Proven

The Cloudvirga platform is used by 10 of the Top 40 mortgage originators with total loan annual loan volume of \$200 billion annually. All with an Application Completion Rate of 80%+ and a Net Promoter Score of 92%

One Platform – **Two Perspectives**

The Power of Cloudvirga in the Palm of Your Hand

Loan Officer

Close loans more efficiently and with the best user experience

- ✓ Cloudvirga's platform engages the Loan Officer's full workflow keeping them out of the LOS completely and focused on their borrower, all with a best-in-class experience.
- ✓ Lock in borrower commitment quickly, efficiently, and compliantly with the fastest digital workflow available.
- ✓ Build relationships and trust with pro level tools like our Loan Comparison and Pre-Approval letters.
- ✓ Remove downstream inefficiencies with real-time, dynamic updates to fees, disclosures and needs lists.

Consumer

A white labeled, full-featured, mobile-first digital mortgage solution for borrowers, realtors, and originators

- ✓ Communicate, collaborate, review, and assist from any device, anywhere, any time.
- ✓ Empower borrowers with a simple, mobile optimized ADA compliant experience.
- ✓ Improve efficiency with self-service features such as: eVerifications, appraisal ordering and payment, disclosure review, e-sign, and borrower ability to run credit.
- ✓ Boost productivity with task automation, built-in workflows and 70% fewer touches.
